Four Merit scholars listed in area schools

By LESLIE WILLIAMS

David M. Bosley of Bay Senior High, David Chaffe of St. Stanislaus, Kenneth P. Hunt of Pass Christian High and Julie S. Torgeson of Coast Episcopal High are National Merit Scholarship semifinalists.

The semifinalists, announced nationally today by National Merit Scholarship Corporation, will compete for 4,000 scholarships to be awarded this Spring.

Chaffe, son of Nancy and David B. Chaffe III of 1548 Jefferson Ave., New Orleans, said he was not really surprised to hear that he had made it to the semifinals. "I get all my studying in by helping other people do theirs," said Chaffe. David has chosen Tulane University in New Orleans to be his future college. He said he will major in engineering.

Bosley, son of Mr. and Mrs. Thomas R. Bosley of Bay St. Louis, said, "Not only did I make it to the semifinals, but it is my birthday today. I am now 17."

He is a resident of Bay St. Louis and formerly of West Virginia. "I was very surprised about making it to the semifinals," exclaimed Bosley.

He said he took the exam in his junior year just to test himself. "I study a lot," said Bosley. He plans to attend Ricks Junior College in Rexburg, Idaho.

Hunt, 17, is the son of Elden Hunt of Pass Christian and the late Mrs. Hunt. Kenneth said he lived in Florida and Nevada before coming to Mississippi. "I don't study a lot," said Kenneth. "I mostly watch television and run around town."

Hunt said he was surprised and happy when informed about being named a semifinalist, and is sure he will make it to the finals. "I am going to go to college somewhere in San Francisco," said Hunt.

Julie Torgeson, 17, of 388 Clarence Ave., Pass Christian, is the daughter of Sue and Paul Torgeson Jr. "I am surprised that I'm a semifinalist," said Torgeson, "but I doubt if I'll make it to the finals." Torgeson is now a freshman in the nursing program at Jeff Davis Junior College in Biloxi.

Julie said she took the test in her senior year at Coast Episcopal. She said she spends a lot of time studying and playing the flute.

Semifinalists are chosen from one million students who entered the 1978 Merit program by taking the 1977 Preliminary Scholastic Aptitude Tests-National Merit Scholarship Qualifying Test.

The number of semifinalists named in the state is proportional to that state's percentage of the nation's total graduating senior class. Some 114 semifinalists have been selected in Mississippi this year, the Merit Corporation reports.

Semifinalists will be advanced to finalists if they are endorsed and recommended for scholarships by their secondary school principals, present school records confirming high academic standing and substantive high qualifying test scores with equivalent scores on a second examination will be awarded Merit Scholarships in February 1979.

Vandals suspected in power failure

By ELLIS CUEVAS
Perry Gibson, Mississippi Power Company, manager in Bay St. Louis, reports possible vandalism caused a power failure Wednesday morning, which affected the southern half of Hancock County.

Gibson said the failure which lasted approximately 40 minutes, involved a 110,000-volt feeder line into South Hancock County. Power County crews switched over to other feeder lines to bypass the line damage. Coast Electric Power Association users were also affected by the failure.

The problem area was narrowed down to feeder lines from Bayou LaCroix substation to NSTL through the buffer zone.

Power Company employees made an inspection by airplane and located the damage before noon. Power Company crews worked until the damages were repaired.

Gibson said that insulators on the high tension lines were destroyed apparently by sun-blasts.

Louis Municipal Separate School System a "dictatorship" after Superintendent J. D. McCullough refused to allow North Bay Elementary teacher Nell Woodall to speak at Monday's board meeting.

"I feel this school is operated on a program of dictatorship rather than one of negotiation," Magallanes said. The accusation came as a result of the superintendent's refusal to hear Ms. Woodall's comments concerning a new disciplinary policy introduced by McCullough.

Ms. Woodall said she and many other teachers were under the impression that the discipline policy drafted and recommended by McCullough had already been approved by the school board when the teachers were given a copy earlier this year.

McCullough discussed the policy at Monday's meeting, stating "the school board has final approval of the policy."

Ms. Woodall, a member of the teachers' policy and procedure committee, tried to comment on the discipline policy at the meeting, and McCullough stopped her, saying "comments from a member of the committee would be inappropriate at this time."

"I am disappointed in Ms. Gex," said Ms. Woodall, referring to Virginia Gex, school board president.

Ms. Woodall feels her remarks were

addressed to the board and not to McCullough.

When she was stopped by McCullough, the teacher said later, she feels Ms. Gex should have intervened, allowing her to continue.

Magallanes also feels Ms. Woodall should have been allowed to speak.

"The school board is, by law, responsible for all activities within the school district, not the superintendent. But here, the school board is an entity completely separated from the staff of the school, mainly from the teachers," Magallanes said after the meeting.

"I don't think it is an accident. I think it is by design," he added.

"The superintendent implemented a

new discipline policy prior to school board approval," he continued.

"Now he is asking the board to approve the policy, and by law he cannot do this," Magallanes said.

Andrews Wilkinson, president of the Bay St. Louis Federation of Teachers, said the policy was drafted without consulting teachers.

"The superintendent very carefully pointed out that in formulating the policy, the only persons he had consulted were administrators, when the teacher is the one most intimately concerned with discipline. Discipline is our responsibility," Wilkinson said following the meeting.

Consumer advocate to hear complaints

The Harrison County Community Action Agency announces the addition of a program to protect the rights of the consumer, including those residing in Hancock County.

A consumer investigator will be available to mediate consumer complaints for the residents of Hancock County beginning Monday between 8:30 a.m. and noon.

He will also hear complaints Wednesday between 8:30 a.m. and noon at 300 Third Street (Webb Center), Bay St. Louis.

For further information, call or contact Harrison County Community Action Agency, 300 Third Street (Webb Center), Bay St. Louis, 39520.

Picayune man ticketed in 603 accident

Mississippi Highway Safety Patrolman Hershel Ladner reported that James Arthur Hale, 57, of Diamondhead died Sept. 6 as a result of injuries suffered in a three-car accident on Hwy. 603 and Dummy Line Road.

Ladner said Hale's vehicle, south bound on Hwy. 603, struck the left front side of a second car involved in the accident and driven by William V. Duncan, 26, of Picayune.

The Highway Patrol said Duncan was apparently attempting to enter Hwy. 603 from Dummy Line Road.

tember 29 as field day, allowing students to attend the Hancock County Fair and Livestock Show.

Also Saturday, the School Board barred the public from part of the meeting during discussion of a proposed bond issue with representatives of the Southern Regional School Boards Association.

Fair Association President Louis Breaux asked the Board for the field day.

"The fair provides initiative for our children, because they can display their livestock and other things at the fair," said Breaux.

School Board member Oris Ladner commented, "They work hard for this event every year, and they deserve it."

"The county fair is a tradition; it brings the schools together," added Breaux.

Breaux reported no carnivals will be asked to the fair this year due to disruptions caused by that type of operation in past years.

According to the Board, buses will first transport students to school following normal schedules, and then to the fair.

Later they will be returned to school for dismissal. Teachers will chaperone the students while away from the schools.

School Board member Louis Ladner was the only member to vote against the field day.

Louis Ladner also moved for an "executive session," banning the public from the Board meeting. The board approved his motion unanimously.

After the executive session was over, Hancock County School Superintendent Terrell Randolph said, "We discussed the proposed bond issue for

A Title I pilot reading program has been introduced at North Bay and Waveland Elementary Schools for students deemed eligible for special instruction.

The program, under the direction of Title I Instruction Supervisor Ms. Betty Anne Jones, utilizes 16 semi-professional teacher's aides employed with Title I funds.

The program is based on 15 minutes of one-on-one individual tutoring daily for first, second and third grade students with potential reading problems.

The tutorial program is considered "preventive" rather than "remedial" in that it seeks to avoid potential reading problems rather than correct existing problems.

This one-on-one method is designed as a reinforcement to classroom reading instruction, and re-teaches skills to slower pupils who have not mastered them in earlier grades or at home.

"The method centers on three reading skills—oral reading, word comprehension, and word attack," said Ms. Jones.

"I am excited about the use of one-on-one instruction. It offers individual contact and gives the child self-concept and self-confidence," she continued.

"We started a pre-test program earlier this year, and hope to start the actual program in the fall."

"The method uses teaching material from Houghton Mifflin, and is a structured program designed to take the decision of the degree of reading improvement from the tutor."

Hancock County schools are using the program on a full scale rather than a pilot basis this year, using all Title I funds," Ms. Jones said.

"Many schools across the nation are going to the Houghton Mifflin method," she added.

"The tutoring forms a very good child-tutor relationship," she continued.

"I hope to see parent involvement later in the year," she said.

This year's theme is "Continuing a Tradition." As

SUN STEALS THE SHOW

A University of Mississippi professor and his wife have adapted a play about energy for use by first-grade teachers across the nation this year. The play, part of an energy education packet from the National Science Teachers Association, was developed by Dr. Harold Crater of the Ole Miss physics faculty and his wife Wendy after she tested NSTA energy education materials in her first-grade classroom in Holly Springs.

Such teaching methods are being used to help youngsters better understand energy problems. In the fantasy play, several forms of energy, portrayed by costumed youngsters, present themselves to the king who wants to give his children the gift of light and warmth forever. The king chooses the Sun, although he realizes that developing it as a source of energy will be expensive.

the theme indicates, the quality of previous Craft Fairs will be continued by the individual exhibitors selected this year, a spokesman said.

There will be approximately 60 craftsmen representing states, mostly from the South and Southeast.

Many previous exhibitors will be returning and there will also be a number of exhibitors who will have booths at the Craft Fair for the first time, exhibiting crafts such as stoneware jewelry, hand-cast candles, copper and bronze jewelry, porcelain and raku, metal sculpture and suncatchers.

The Great River Roads Craft Fair is dedicated to the exhibition of quality crafts by talented, experienced and dedicated craftsmen.

Commercial reproductions and "flea-market" items are eliminated from consideration. Exhibitors are chosen on the basis of slides and photographs of the crafts sought to be exhibited as submitted by each applicant.

There will be entertainment, door prizes, refreshments and free

parking all three days. Admission this year will remain \$2 for adults, \$1 for students, children under twelve free and \$3 for weekend passes.

"Come to the Fair, bring your friends and help continue a tradition," said Dick Kingpafer, fair official.

UNITED GAS VEEP

J. R. (Jack) Walker has been appointed vice president of administration for United Gas Pipe Line Company, John F. Brown, president and chief operating officer, announced.

Walker, formerly director of administrative services will be responsible for building, office, and security services, aviation, purchasing, word processing, and records retention for United Gas, a subsidiary of United Energy Resources, Inc. He succeeds W. P. Heineman, who has transferred to Shreveport, La., as a special consultant to the company.

Mental Health's Hancock STEP programs underway

The Gulf Coast Mental Health Center's Systematic Training for Effective Parenting STEP Program in Hancock County is designed to help parents toward the realization of raising responsible children and helping them grow into responsible adults who will lead full, rewarding and happy lives.

According to Dr. Mary Ann O'Brien, "STEP is a realistic and sensible approach to parent-child relationships - it offers practical alternatives to meeting the challenges of raising children today."

"The STEP Program is not designed to imply parenting inadequacy. It does, however, suggest a desire to grow and learn new ways of communicating with and rearing children," Dr. O'Brien continued.

"Most of us as adults reflect back on the good old days and see a time when our parents word was the law, and childhood was met with much less turbulence. Times have changed, as have the relationships between children and adults, parent and child," she added.

"In keeping with the changing trends, the Gulf Coast Mental Health Center is now providing three parenting groups to the citizens of

Hancock County and the bay-Waveland area," she reported.

The STEP Program usually takes nine weekly sessions to complete. Three groups are slated to begin in the Bay-Waveland area.

The first group will begin on Tuesday, meeting from 7:30 to 9:30 a.m. at North Bay Elementary. This group is conducted by Miss Renee

Bourgeois.

The second group will begin on Tuesday, Sept. 19 from 6:45 to 10:15 a.m. and will meet at Waveland Elementary. Conducting this group will be Buddy Mathis.

The final group will meet Monday afternoons beginning September 25. It will run from 1 p.m. to 2:30 p.m. at Gulf National Bank on Highway 90 east. This group will be conducted by Dr. O'Brien.

NEW OFFICERS - Officers voted in by the Bay High Tigers band last week are, from left, Glen France, president; Gary Adam, drum captain; Vicki Young, auxiliary co-captain; Amy Hill, vice-president; Sarah Gibson, drum major; Nena Boyd, auxiliary captain and Annie Wilkerson, librarian.

Biloxi Lions plan October Flea Market

The Biloxi Lions Club will hold its annual Flea Market in the View Marche, downtown Biloxi, near the Golden Fisherman, Friday and Saturday, October 20 and 21 from 10 a.m. to 4 p.m. daily.

Though called Flea Market, there will be many hand made crafts, baked and canned goods, jewelry and antiques, as well as "white elephants."

"Remember, One man's trash is another man's Treasure," so clean out your attic or garage and make a donation to the Biloxi Lions Club," said Lion James M. Parker.

Any civic organization, club, sorority, or private individual is invited to set up a table with the Lions, for one or both days, he said.

A nominal fee will be charged for space. All of the proceeds from the sale will be used for Lions Sight Conservation projects, Parker added.

For information, call Parker at 432-7402, Biloxi.

Bay freshman moves ahead at Belhaven

Katherine Leslie Cox of Bay St. Louis has been selected to enroll in Advanced Freshman English at Belhaven College.

Dr. William Durrett, chairman of the department of English, said Miss Cox was selected for the advanced course on the basis of ACT and CEEB test scores. Students program are granted credit by exemption for English 101 after completing English 121.

Miss Cox is the daughter of Mrs. Evelyn Jacob. She is a graduate of Bay Senior High School where she was named to the National Honor Society and served as an editor of the newspaper. She was a member of the Science Club, Latin Club, French Club, and Chorus.

Belhaven College is a four-year co-educational college of liberal arts and sciences located in Jackson. Founded in 1883, the college is Presbyterian-related.

Crosstie Arts Council schedule includes N O Symphony Sept. 24-25

The Crosstie Arts Council has announced its largest schedule of events for the 1978-79 year which includes its annual spring festival on April 21 in Cleveland.

Mrs. Alyce Richardson, president of Crosstie, said "We feel like this season's programs are the biggest and offer the most variety of any previous Crosstie."

The New Orleans Philharmonic Symphony Orchestra is returning for two performances later this month after completely filling the house last year during a single concert. Mrs. Richardson added.

The Symphony will open with a 3 p.m. concert Sunday, Sept. 24, in Broom Auditorium on the Delta State University campus. This performance is for DSU students and faculty and Crosstie patrons only.

However, two concerts, one

for children at 10 a.m. Monday, Sept. 25, and at 8 p.m. for the public, are also set. Tickets for the 8 p.m. public concert are \$5 each.

Leonard Slatkin will direct the Sunday 3 p.m. performance as well as the 8 p.m. concert Monday, Sept. 25. Gary Sheldon will direct the children's concert.

The Memphis Ballet will perform "The Nutcracker" at 3 p.m. December 3 in Broom Auditorium for Crosstie patrons and Delta State students and faculty only.

"The Nutcracker" will be the run-out version running from the "Snow" scene of the first act through the entire "Kingdom of Sweets" final act.

The New York Repertory Theatre will do four performances of "Jim Thorpe, All-American" beginning with

two shows January 22 and two shows January 23.

Delta State University's Speech and Drama Department, Music Department, and the Crosstie Arts Council have planned a joint production of "Cabaret" featuring the television and motion picture husband and wife team of Gary Collins and Mary Ann Mobley Feb. 20-24.

On April 18 the "Preservation Hall Jazz Band" will perform in an 8 p.m. concert in Broom Hall on the Delta State campus.

And, wrapping up the season will be the 10th Crosstie Festival on the Bolivar County courthouse lawn on April 21. All of the performances are jointly sponsored by the Crosstie Arts Council, the Mississippi Arts Commission, the National Endowment for the Arts, the Southern Arts Federation and

Delta State University.

The programs are made possible through the Coordinated Arts program of the Mississippi Arts Commission, a state agency, and the National Endowment for the Arts in Washington, D.C., a federal agency.

PRINTMAKING SHOW

Thirty new graphic works documenting contemporary printmaking are on display through Sept. 29 at the University Galleries in The University of Mississippi Fine Arts Center. The exhibition includes signed original works in traditional serigraphs, lithographs and etchings as well as newly developed photo techniques. The exhibition, "New Directions in Print Making," is sponsored by the Pratt Graphics Center in New York.

USAF studies Biloxi for Keesler expansion

A team of environmental specialists will be in the Biloxi area next week, obtaining data to determine bio-physical and socio-economic impacts should the Air Force relocate some of its training programs to Keesler Air Force Base.

Keesler may gain additional training programs in the event the Air Force closes one of its technical training centers at Chanute Air Force Base, Ill., or Lowry Air Force Base, Colo.

The environmental specialists team, composed of Air Force personnel and civilian contractors, will meet with Biloxi and other area leaders at 9:30 a.m. Wednesday to begin identifying the potential environmental issues of concern to local communities.

The team will be in the area Tuesday, Wednesday and Thursday for meetings with other officials.

The Gulf Regional Planning

Commission and Southern Mississippi Planning and Development Department are coordinating and hosting the meetings.

They have already notified agencies and community leaders who could appropriately contribute to the identification of environmental issues.

While Wednesday's meeting at the Hilton Hotel in Biloxi is open to the public, citizens who know of a significant environmental issue which merits consideration are urged to contact their local government officials to decide whether that subject needs to be raised.

The meeting is not intended as a forum for discussing the pros and cons of a proposed action, as citizens will have that opportunity at a later date.

The meetings will be chaired by an Air Force

engineering officer who has an extensive background in environmental matters.

Similar meetings have been scheduled in the Chanute Air Force Base and Lowry Air Force Base areas at a future date.

These meetings are the first step in a lengthy process of actions which the Air Force will complete before a decision can be reached concerning the future of the bases.

Following the meetings here, the contractors - SRI International of Menlo Park, Calif., and Envirodyne Engineering of St. Louis - will send teams into the Biloxi area to gather detailed data and statistics.

Information compiled by the contractors will be used in the preparation of detailed environmental and economic assessments.

Hard to believe

It is hard for us to believe that our school systems in Hancock County still use trailers as classrooms. Now we are talking about the county and the city school systems.

With the monies spent on education in both the cities and county, trailers should have been obsolete a long time ago.

We can see the use of trailers after a catastrophe, but there use should be limited to only those emergencies.

We have carried throughout our life the experiences of our early education and are sure students today will also carry theirs throughout their lives.

The county and city school systems have had some growth in the number of students enrolled, but we don't think they have had such a growth as to have to use trailers as classrooms.

If our educational systems are to keep up with the times, planning for the future must continue at all times.

We are happy to see some of the parents get interested in the sorry school conditions existing, reportedly at North Bay Elementary.

For too long only a few have been interested in the education of our children. There is a need of more parents to speak their piece.

We, as parents and residents of Hancock County, should take an active part to see our children receive a quality education in a favorable surrounding.

There seems to be a big communication gap between the school boards of both the city and county school systems and the parents of children.

We all know there have been several bond issues for school improvements to fail, especially in the county. So now the county school system has more students than classrooms.

Many voters didn't go for the bond issues because they didn't like a certain school board member or members or the superintendent at the time. They didn't vote on the merits of the bond issues for school improvements at all.

We ask ourselves why? Well, the best answer we can come up with is a lack of understanding on the part of the parents.

When, as a parent, did you visit the school or schools your child or children attended? When did you check to see how many students were in the same class as your child? When was the last school board meeting you attended? When was the last PTA meeting you attended? When was the last time you spoke to the teachers of your child?

Now we get to the big one, when was the last time you just walked about the campus of your children's school and observed the buildings they are taught in? Would the buildings turn you on or off on education if you were a student?

You hear talk about the country school, and we have seen many, but not one of them ever looked like a trailer.

You hear a lot of talk about the old country school with only one teacher. We have seen many of them, but not once did we ever see one that was a temporary structure.

You as a parent can ask yourself this question, Are my children getting the best in education? Before you answer yourself, we suggest you review the things we have outlined. We feel you will see that your children are not really getting the best in education.

HEALTH TIPS

USEFUL DRUGS MAY CAUSE REACTIONS

From the AMA

Illness caused by drugs is sometimes reported in press. When such reports appear, many individuals become concerned about the safety of their medicines.

It is true that an occasional person does have an adverse reaction to some drug, the American Medical Association points out. It is also true that some drugs tend to produce more adverse reactions than others. Penicillin, the lifesaving wonder drug that quickly halts pneumonia and many other serious illnesses and infections, produces adverse reactions in possibly one person of every twenty. But penicillin still saves thousands of lives every year.

The pharmaceutical manufacturers are constantly studying drugs, determining their safe and effective doses, learning of their side effects, and advising physicians and pharmacists

about their safe use, as well as their potential dangers.

Patients should feel free to take the drug the doctor prescribes. But they should let their doctors know their safe use, as well as their potential dangers.

Patients should feel free to take the drug the doctor prescribes. But they should let their doctors know about any adverse reactions. If the patient believes the reaction is not usual, he should report to the physician immediately and stop taking the medicine until the doctor can advise him.

Modern drugs are a far cry from the herbs and incantations of the tribal medicine man. They are much more potent and effective in halting disease and relieving discomfort. And for that reason they must be used with care and respect. Used properly, under a physician's direction, modern drugs can truly perform modern miracles.

Waveland delayed

Bay, Pass tonging reefs open Oct. 2

Sunrise on October 2 will mark the opening of oyster tonging season off the reefs of Bay St. Louis and Pass Christian, the Mississippi Marine Conservation Commission decided Monday.

Ducre Bourgeois of Waveland, commission member, recommended the Waveland reef remain closed until December 1.

"I know conditions down there, and I know those oysters will not be fit for harvest until the first of December," Bourgeois said.

The opening of oyster dredging will be set at a later date, the commission announced.

The commission set a six-barrel-per-boat limit on a day's oyster catch at Monday's meeting.

Commissioners, noting last year's 14-barrel-a-day limit for oyster dredging, said a stricter limit is needed to discourage out-of-state fishermen from coming to Mississippi waters.

Normally, commissioners said, two persons would go out in each boat and a barrel of oysters would be sold for about \$22.50.

"I don't see how a man can make a living on that," said Commissioner

Mitchell Sevel of Gulfport, who objected to the six-barrel limit.

"I believe we have to do something to hold the limit down to protect the local oystermen," he added.

Commission Director Richard Leard said about 6,000 barrels of oysters are being relayed from polluted waters to the south end of Bayou Cumbest in Jackson County.

The commission gave Dr. Leard the authority to open the reef at Cumbest when the State Board of Health certifies the oysters have purified themselves.

Under state law, 15 days must be allowed for the oysters to cleanse themselves after moving from polluted waters.

Leard said the reef will be ready to open by October 2.

Lamar Switzer, MMCC's enforcement division chief, said fishermen in Jackson County will be allowed to relay oysters from the polluted end of Bayou Cumbest to the south end of the bayou and Bangs Lake on Sunday, under the supervision of his officers.

He said after the meeting the transfer is a way of getting the oysters out of polluted areas. He said the oystermen will be allowed to choose their own locations to put the oysters within the bayou and lake.

Several commissioners said they favored realying more oysters because this is the last year the MMCC will be able to do so.

The commissioners said they do not know if the program will continue when the Mississippi Marine Resources Council, the Mississippi Game and Fish Commission, and the Mississippi Boat and Water Safety Commission to form the Department of Wildlife Conservation next July.

I am vitally interested and concerned about the high cost of living, heavy tax burden, and spiraling inflation. You and I, as citizens of this state, have little or no control over some of these concerns.

We can, however, lessen the tax burden of our state; and, during the remaining months of my administration, I will do my utmost to see that this happens.

A government that taxes its people too much is just as bad, in my opinion, as a government that overspends its income.

For this reason, it will be my practice to discourage the accumulation of large sums of your tax money in our State Treasury.

A government that finishes the year with many millions of dollars above its appropriated spending is a government that should do one of two things: either greatly improve its services to the people, or reduce the amount of tax burden it places upon its people.

Are you aware that the unencumbered net balance of the general fund of the State Treasury was:

On July 31, 1976 - \$46.8 million,
July 31, 1977 - \$68.5 million,
July 31, 1978 - \$9.5 million.

As of July 31, 1978, in just seven months after I issued that executive order, the State Treasury was richer by \$1,970,741. In addition, revenue sharing funds and anti-recession funds that were also invested in interest bearing accounts, have accumulated \$2,300,962 in the same seven months.

That is a total of \$4,271,703 in additional revenue to operate the state, without one single penny of additional tax. These figures projected over a full year would yield something like \$7 million in new money. Keep in mind - all this without legislation.

When you consider that we have surplus taxes every year, and the projection is a continuing increase in surplus monies - and when you consider that there are ways to generate additional revenue by which to operate government, as I have proven, then there is only one answer. CUT TAXES!

PTO pressures school-board

Board of Trustees
Bay St. Louis Municipal Separate School District

The Parent-Teacher Organization of North Bay Elementary School would like to take this opportunity to invite you, at your convenience, to spend a day at North Bay.

Our school is in full operation. We are proud of our teachers and our principal. We feel that they are doing a fine job of educating our children. In fact, academically, North Bay is, in our opinion, second to none.

Because we take such pride in our school, we fully intend to continue the pursuit of physical improvements; primarily, air-conditioning of the classrooms.

For the past six months we have had representatives at the School Board meetings. They have tried to work with the Board investigating funding for this project. We have also done some research on our own. Regrettably, most of this has been to no avail.

But we have not given up at all. We will continue this project until North Bay is at least equal to other elementary schools in our community in this respect.

We would certainly like for you to show your co-operation and support by reading this letter at your next Board Meeting and placing it in the minutes.

Please feel free to call on any of us at any time. We will be happy to work with you in the common interest of the public school children of Bay St. Louis.

Yours truly,
Mrs. Alan P. Noonan, Sr.,
President,
North Bay PTO
Mr. Thaddeus Williams,

Sea Coast Echo

Dear Sir:

This letter is long past due, but because of the events that have been unfolding within the past week concerning the deplorable conditions of North Bay Elementary, I would like to take this means of expressing our thanks to a dedicated group of teachers.

These teachers have had to teach and give their fullest under the worst conditions possible.

In the 1977-78 school year, our two boys attended North Bay Elementary. They entered with no basics of education, no incentive to achieve and

the idea in mind that school was a drudgery.

Within a month's time, the sixth grade teachers had taught them how much fun it was to be an achiever, that cooperation was a team effort in the classrooms, and most of all that the teachers were there to help them make the most of their lives.

This is our public thank you to those teachers and to all the teachers of North Bay Elementary. If the Superintendent of Education, the school board and the parents do not stand behind Mrs. Noonan, Mrs. McCormick and the active members of the PTO to give the teachers and the children of the community a school building that is conducive to learning, one that they can be proud of, and last but not least, a school building, that teachers of the caliber that North Bay has on its staff are deserving of, I think its time every member of the school board, as well as the Superintendent of Education, should step down and let some others who are more interested in our children take their place.

Respectfully,
Carol Trapani

Board of Trustees
Municipal Separate School District
Bay St. Louis

Attention of Mrs. Virginia Gex,
President:

Gentlemen:

We, the Parent-Teacher's Organization of North Bay Elementary School, understand through a recent news article in the Sea Coast Echo that classroom heaters at North Bay Elementary were "re-built" during the past summer.

As taxpayers, we are requesting through this letter, copies of itemized invoices or bills from the company which did the work.

This same article pointed out that an application has been made to the Educational Finance Commission for assistance to this deteriorating school. We would also like an itemized copy of this application.

On Wednesday, September 6, 1978, we requested a place on tonight's September 11th meeting but we were informed that we did not apply in time to be heard.

Therefore, we would like to request a standing appointment on your agenda until our problems are resolved. We feel that to procrastinate would only contribute to the problem rather than to the solution.

A prompt reply to the above requests will be greatly appreciated.

Yours very truly,
Lana T. Noonan,
President
North Bay PTO

Wilkinson also feels the AFT is being mistreated by the board.

He said he tried to get a spot on the board's agenda 18 months ago, and was told school board policy does cognize any organized group such as AFT.

During the Monday meeting, Lana Noonan, president of North Bay Parent-Teacher Organization was granted a spot on the agenda for October.

Wilkinson asked if the board had changed the policy of not recognizing organized groups, and was told that the board had not changed the policy.

"I think the board is just recognizing the organizations it wants to," said Wilkinson.

"The board has granted PTO a spot on the agenda, and heard comments from the American Heart Foundation earlier this year. Ms. Gex never said that we could get on the agenda, just that the policy had not changed," said Wilkinson.

"She has contradicted her policy in action by recognizing the PTO and granting them a spot on the agenda," he added.

McCullough announced attendance at Bay St. Louis schools has increased 124 students since the end of the 1977-78 school year.

He said there are now 78 students in special education at the junior and

senior high school levels.

McCullough said all classes are extremely crowded, and one class is being held in the coach's lounge in the senior high gymnasium.

"We're doing the best we can until we can do better. The school is full," he said.

Doctor John Levens of Waveland made his first board appearance Monday night, replacing Ms. Jean Townsend, who resigned when she relocated to Washington State.

Levens said a doctor will be present at each high school football game. He said an ambulance will be on hand when available.

In other board action, the North Bay Elementary PTO, in a letter, invited the board to spend a day at the elementary school.

The letter says the PTO intends to air condition the school, and "will not give up until North Bay Elementary is equal to other elementary schools in the state."

Ms. Noonan requested in another letter that an itemized bill for repair of heaters at the school be made available to the PTO and be discussed in detail.

She also asked for an itemized list of proposed renovations, requested by McCullough in an application for Educational Finance Commission funds through the State Department of Education.

Ms. Gex said the repair of heaters, being done by Monte Carver Plumbing, is not completed and an itemized bill is not available.

McCullough said the application for EFC funds is public information, and will be listed in a public docket later in the year.

VAN CLUB OFFICER Wayne Herman of Metairie and Texas Flat Road discusses plans for a 'truck in' at McLeod Park next year involving possibly as many as 2,500 vans with Hancock county park commissioner Mary Caillier of Lakeshore, right, and Mary Neville, left, of Metairie, one of the organizers of a Buccaneer Van Club of Metairie outing at McLeod Sunday involving some 110 vans. The commissioner said based on the park's experience this past weekend with van owners, those groups will be welcome at McLeod Park anytime. (Staff photo-Edgar Perez)

PARK COMMISSIONER-Hancock County Parks Commissioner Mary Caillier of Lakeshore, left, is on hand at the park Sunday to welcome several hundred weekenders who arrived in some 110 vans from three states to participate in an outing sponsored by Buccaneer Van Club of Metairie, La. Ms. Caillier said the park was spotless when the visitors, who maintained their own police force, left Sunday night. (Staff photo-Edgar Perez)

MUDDY RIVER VANS of Pascagoula joined affiliated van club members from three states at an outing in McLeod Park Sunday involving more than 100 vehicles. Club members were highly pleased with the park, and park officials were happy with the visit from van owners, leaving a distinct possibility the van clubs will return to the park for a 'truck-in' next year with as many as 2,500 vehicles. (Staff photo-Edgar Perez)

VANS AND MORE VANS were lined up at McLeod Park Sunday when the Buccaneer Van Club of Metairie, La., was joined by van owners from affiliated clubs in Mississippi, Florida and Louisiana for an outing at the park. Some 110 vehicles were registered at the park by club officials. (Staff photo-Edgar Perez)

Non-profit foundation formed to support Ag Museum

The Mississippi Department of Agriculture and Commerce has announced the formation of a non-profit foundation to assist in fund-raising efforts for the Mississippi Agriculture and Forestry Museum.

"Funds raised through the foundation will be used to support construction of exhibits and development of a rural village recreation on the museum grounds," reports Commissioner Jim Buck Ross.

The Mississippi Agriculture and Forestry Museum, to be located on a 40 acre site at Interstate 55 and Lakeland Drive in Jackson, will begin construction on a museum building early in 1979. Ar-

tifacts are presently being collected at a facility on Delta Drive.

Persons interested in joining the Mississippi Agriculture and Forestry Museum Foundation or in donating agricultural and forestry artifacts should contact Museum Director Bruce Hartfield at the Mississippi Department of Agriculture and Commerce,

P.O. Box 1609, Jackson, 39205, or call (601) 354-6153.

Governor's public information conference planned

The first Governor's Conference on Public Information in the State of Mississippi will be conducted Sept. 21-22 at the Sheraton Motor Inn on I-55 North in Jackson.

Major purpose of the conference is to bring directors of state agencies, their public information personnel and members of the state news media together to exchange ideas on effective communications.

Gov. Cliff Finch will address

the conference at 7:30 p.m., Thursday, Sept. 21, on the subject "The People Need to Know."

Topics to be covered during the conference include the role of the public information officer, print and broadcast media operations, photographic composition, how to "meet the press" and planning a public information program.

Members of the media will conduct two special forums.

These forums will be open to discussion with audience participation.

For more information, contact Bill Bartlett, press secretary, at 354-7575 or P.O. Box 139, Jackson, 39205.

COURT CLERKS SEMINAR

Chancery court clerks from throughout Mississippi will be in Jackson Sept. 20 for a day-long seminar designed to inform them of new developments in the law and provide an opportunity for them to discuss common problems in the operation of their offices. The seminar is sponsored by the Mississippi Judicial College, a continuing education activity of The University of Mississippi Law Center.

MICHENER'S WORLD

Two programs from the "James Michener's World" series will be rebroadcast on Mississippi ETV on Tuesday, September 19. "Spain: The Land and the Legend" can be seen at 7, and "Israel: A Search for Faith" can be seen at 8. Michener is guide to the colorful panorama of Spain today, its turbulent past and passionate spirit. His book on Spain is "Iberia," and, early in the program, Michener turns his attention to the ancient times when the land had no other name. Beyond a vivid retelling of Spanish history, "Spain: The Land and the Legend" is also a

which captures the textures of Spain: its music, its people, its art, its architectural landmarks and landscapes and the elusive but omnipresent essence of the place - which continue to fascinate Michener as it did the first time he saw Spain as a young sailor. The final segment of the program is an exploration of the bullfight and its significance. "Israel: A Search for Faith" was the debut program in the James Michener series last year. Beginning his personal odyssey in the city of Jerusalem, "one square mile of prime real estate that means more to half the world's people than any other spot on earth," Michener crisscrosses the country. In a region where the conditions were so inhospitable to life and which demanded every bit of human energy for bare subsistence, why, Michener asks, should there have flowered the faiths that represent the noblest human ideals? Why has it been there that so many different cultures have confronted one another and so many violent wars fought for the preservation or propagation of those faiths?

USM's Coast campus administrators named

Two administrative changes have taken place on the Gulf Coast Campus of the University of Southern Mississippi. Mike Pantin, formerly director of the USM Jackson County center, will move to the Gulf Park Campus as assistant to the dean.

Jerry B. Reeves will replace Pantin as director of the Jackson County Center. Reeves is currently a senior progress analyst with Litton Industries.

Pantin, a native of Trinidad, British West Indies, is a graduate of Cleveland High School and earned the BSE and ME degrees from Delta State University.

He was employed as a junior high science teacher with the Long Beach Public Schools in 1971 and served as high school tennis coach, junior high football coach and physical education instructor with the Long Beach Public Schools 1972-74.

Gulf Park course aids organization officers

A workshop in Parliamentary Procedure will be offered at USM-Gulf Park during the upcoming fall semester.

The non-credit workshop is designed to assist officers of organizations in the use of parliamentary procedure, including the preparation of minutes. There are no prerequisites for the course, and anyone may enroll.

The workshop, "Beginning Parliamentary Procedure," will be taught on Tuesday nights, September 26 through November 14. Class meetings will be from 7 p.m. to 9:30 p.m. Cost of the workshop is \$25 plus \$1.50 for a textbook. "The purpose of the workshop," said Dr. Robert Cade, workshop director, "is to assist officers of clubs and organizations in the use of parliamentary procedure."

Ali, Brando, others slated for Natchez location film

Governor Cliff Finch announced today a made-for-television movie starring former heavyweight boxing champion Muhammad Ali will be filmed in Natchez. Muhammad Ali will play a freed slave during the reconstruction days.

Filming of "Freedom Road" a four hour movie that is scheduled to run two nights on NBC-TV next year will begin October 2.

Casting has started and the company plans to employ about 3,000 extras and use over 100 speaking roles.

The casting will include people from both Hollywood and local talent. Those who would like to be an extra must fill out a form which includes

the following information: Name, address, phone, age, height, weight, shoe jacket, dress and pant sizes. A photo (polaroid) is needed with description. Persons interested must be available in October and November in Natchez. Send information to Mississippi Film Commission, Box 849, Jackson, 39205.

Zev Braun Productions of Los Angeles are close to signing others to star in the film. They reportedly include Marlon Brando, Kris Kristofferson and John Carradine. The producer is Lee Noland, the executive producer is Zev Braun and the director is Jan Kadar.

Natchez Mayor Tony Byrne,

Morris Denton of the state Film Commission and his wife Carolyn worked on finding locations for the movie company, which aided Zev Braun Productions' selection of Natchez over the weekend after quite a bit of competition between Mississippi and Louisiana as the film site. At one time, the filming reportedly was to be split between Natchez and Thibodeaux, La., but all the filming will be done in Natchez.

"The main reason Natchez was chosen was that the city has a 'wealth of antebellum structures,'" said one official. The movie is to be a "political look" at the period 1865-1875 in South Carolina.

Waterfowl seasons slated

State duck hunters will have a 50-day season this year and one less duck in the bag, according to regulations given to the Game and Fish Commission from the Interior Department's U.S. Fish and Wildlife Service in Washington.

The season, which will be five days longer than last year's, will open Saturday, December 2 and run through January 20, 1979.

Earlier, a petition to the Fish and Wildlife Service from duck hunters and the Commission to extend the closing date on duck season to Jan. 31, was denied on the basis that such a decision "cannot be

dealt with on a state by state basis," the commission reported.

The mallard is the main bird hunted by Mississippi and other southern hunters. This year the male mallard is valued at 35 points permitting hunters to harvest only three daily. Mallard hens count 70 points each.

Duck populations fluctuate each year and point values reflect the population status of each species. Hunters may take ducks each day until they reach 100-points.

Major changes in duck point values affecting hunters include upping the point value of the male mallard to 35-points

and a devaluation of the wigeon duck from a 25-point to a 10-point bird. All other ducks will retain their same point values as last year.

To hunt waterfowl, shooters must have a valid state hunting license, a federal duck stamp and a Mississippi duck stamp.

Shooting hours are from one-half hour before sunrise until sunset. The daily bag limit is reached when the point value of the last bird taken reaches or exceeds 100-points. The possession limit is two legal daily bag limits.

Other waterfowl seasons and dates released this week include:

SNIFE, November 18 through February 28, 1979.
RAILS (Clapper, King, Sora, and Virginia), October 28 through January 5, 1979.
WOODCOCK, December 16 through February 18, 1979.
GALLINULES, October 28 through January 5, 1979.
DUCKS, December 2 through January 20, 1979.
GESE (Snow, Blue and White-Fronted), October 14 through November 9, 1978 and December 9 through January 20, 1979.

CANADA GESE (closed statewide except for that area encompassed by Interstate Highway 55 on the west, State Highway 7 on the east, State Highway 310 on the north and State Highway 6 on the south), October 14 through November 2, 1978, and December 2, through January 20, 1979.

OLV chooses junior high cheerleaders

The Junior High School basketball and volleyball cheerleaders for Our Lady's Academy, Bay St. Louis, were chosen September 8 at a

school assembly. The student body selected the cheerleaders who will be coached by the O.L.A. Senior High School Cheerleaders.

The seventh grade cheerleaders are Jeanne Boudreaux, Nancy Gex, and Michelle Van Peski.

Stacey Glindmeyer, Darlene Hammack, and Patricia Hoselle are the eighth grade cheerleaders.

Jeanne Boudreaux is the daughter of Mr. and Mrs. Ned Boudreaux of Pass Christian. Nancy Gex is the daughter of Mr. and Mrs. Lucien Gex of Waveland. Stacey Glindmeyer is the daughter of Mr. and Mrs. Carroll Glindmeyer of Bay St. Louis. Darlene Hammack is the daughter of Mr. and Mrs. Franklin Hammack of Pass Christian. Patricia Hoselle is the daughter of Mr. and Mrs. Ambrose Daigre of Delisle. Michelle Van Peski is the daughter of Mr. and Mrs. Roberto Van Peski of Bay St.

Game & Fish NHF poster contest set

A statewide poster contest with prize money is the way the Mississippi Game and Fish Commission will celebrate National Hunting and Fishing Day, Saturday, Sept. 23, 1978, according to an agency spokesperson.

The theme of the contest will be "Hunting and Fishing are Conservation," and will be open to children in grades 5-8 and students in grades 9-12.

First place winners will get \$25 and second place winners will receive \$15. In addition, winners will appear on the Game and Fish TV Show to talk about and display their winning entry.

Posters should be a standard 20-inches x 30 inches, but other sizes are acceptable, according to agency

spokesperson Carolyn Ford. On the back of each poster entry, contestants should include: artist's full name, address, telephone number, grade, school name and address. Contest deadline is Monday, October 2, 1978. For additional information, contact the Public Relations Department of the Game and Fish Commission, P.O. Box 451, Jackson, MS 39205 or call (601) 354-7333.

USDA hotline answers food program questions

Mississippi residents who have questions or need information about any U.S. Department of Agriculture food program now have a toll-free number to call, to have their questions answered.

The regional administrator of USDA's Food and Nutrition Service, David B. Alsapach, announced that his agency began a new hotline service on September 5.

The service will operate from the agency's southeast regional office in Atlanta and will serve residents of all eight southeastern states--Alabama, Florida, Georgia, Kentucky, Mississippi, North

and South Carolina and Tennessee. I Mississippi and other states except Georgia, the number to call is 1-800-241-1767.

The Food and Nutrition Service administers the child care food, national school lunch, school breakfast, summer food, and food stamp programs, as well as the special supplemental food program for women, infants and children.

Alsapach noted that the new service will be a pilot project to test the effectiveness of a hotline for answering the public's questions and con-

cerns about all Food and Nutrition Service programs.

Through inauguration of this service," Alsapach said, "The Food and Nutrition Service hopes to make all of our programs more visible and available to eligible citizens."

The toll-free lines will be staffed daily, Monday through Friday, during regular business hours, agency officials said.

Anyone calling the hotline numbers will be able to speak with a program specialist at the agency's regional office.

Five county library meet hosted by Hancock System

The Hancock County Library System hosted an organizational meeting for librarians from five South Mississippi counties Aug. 29. Present were librarians from public library systems, special libraries, universities and school libraries.

Visiting clergyman to conduct Retreat

REV. DEPRIZIO

The Rev. George DePrizio, C.S.C., a well-known international conference speaker, will give a one-day retreat at Our Lady of the Gulf Church, Bay St. Louis, Sept. 30, beginning at 10 a.m.

The program is being sponsored by the Charismatic Renewal Services, Diocese of Biloxi.

Father DePrizio has served in the capacity of a college dean, provincial religious superior, a missionary pastor in Lima, Peru.

The author of three books, his ministry has taken him to Central and South America, the Scandinavian countries, Europe, Mexico and India.

The retreat will conclude with the celebration of the Eucharist at 4:30 p.m.

For further information, contact Mrs. Charline Martinovich at (601) 467-4452.

Purpose of the Conference is to determine what directions will best serve the interest of the people of South Mississippi.

At this Conference delegates from all walks of life will be selected to represent the five counties at the Governor's Conference on Libraries which will be held in February of 1979.

This meeting will enable the library user and non-user alike to stand up and be heard. Two-thirds of the delegates elected will consist of average citizens who either use or do not use the Library. One-third of the delegates will be made up of librarians and trustees.

Fran Trombley, district chairman for the Grassroots Conference, stated, "We would like for anyone interested in Libraries to let us know. We are trying desperately to get the average citizens' ideas on libraries. If we do not hear from them we will not know what they expect and want in our public libraries. Their opinions will count heavily at this conference and we do not intend to stop in Jackson with them. We are headed straight to the White House."

Military Mention

AIRMAN SUTHERLAND
Airman William E. Sutherland, son of Mrs. Marion Bounds of Rt. 4, Bay St. Louis, has been selected for technical training at Sheppard AFB, Tex., in the Air Force aircraft maintenance field.

The airman recently completed basic training at Lackland AFB, Tex., and studied the Air Force mission, organization and customs and received special instruction in human relations.

Completion of this training earned him credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Sutherland's wife, Tammy, is the daughter of Mr. and Mrs. Earl Lizana of 508 St. John St., Bay St. Louis. His brother, Stephen A. Sutherland, also resides in Bay St. Louis.

ET2 M. C. HUNTER
Navy Electronics

Technician Second Class Matthew C. Hunter of 436 Waveland Ave., Waveland, is participating in the major NATO exercises "Bold Guard '78" and "Northern Wedding '78" in northern Europe.

He is assigned to the nuclear-powered guided missile cruiser USS Virginia, homeported in Norfolk, Va. "Bold Guard '78" and "Northern Wedding '78" are designed to refine coordination, command and control capabilities in the external reinforcement of NATO's northern flank and in conducting combined land operations.

Taking place over wide areas of the Eastern Atlantic, North Sea and English Channel, maneuvers will include amphibious landings in the Shetland Islands and Southern Norway.

A large scale landing on the west coast of Denmark's Jutland Peninsula will be followed by an overland movement of the combined allied forces for large scale maneuvers in Germany.

Participants number approximately 40,000 men, 170 ships and submarines and 800 aircraft from Belgium, Canada, Denmark, the Federal Republic of Germany, the Netherlands, Norway, the United Kingdom and the United States. This represents the largest combined NATO exercises ever held in Northern Europe.

Planners for "Bold Guard" and "Northern Wedding '78" include General Alexander M.

Haig, Jr., USA, Supreme Allied Commander, Europe; Admiral Isaac C. Kidd, Jr., USN, Supreme Allied Commander, Atlantic; and Royal Navy Admiral Sir Henry Leach, Allied Commander-in-Chief, Channel.

Hunter joined the Navy in February, 1978.

SPEC. 4 C. E. HALL

Spec. 4 Christine E. Hall, daughter of Mr. and Mrs. Irvin Dedeaux, 407 Dawn Ave., Pass Christian, is participating with other American and allied troops in REFORGER '78, NATO's largest yearly exercise, held in Germany.

More than 11,000 soldiers were flown to Germany and some 37,000 tons of equipment and supplies have been shipped from the U.S. for the massive exercise.

REFORGER (Return of Forces to Germany) results from a 1967 agreement between the U.S., United Kingdom and the Federal Republic of Germany. The U.S. agreed to return stateside-based forces to Germany each year for exercises to demonstrate allied solidarity.

The entire exercise emphasizes the orderly disposition of forces and stressed deployment procedures and techniques.

Hall, a postal clerk with the 16th Adjutant General Detachment at the Presidio of San Francisco, Calif., entered the Army in August, 1974. She is a 1973 graduate of Pass Christian High School.

No vaccine problems here health officials report

In response to expressions of concern from local media representatives and other members of the public over news reports of sterile abscesses associated with a widely used DPT vaccine in other states, Mississippi State Board of Health officials said that the vaccine mentioned in the reports is not used in the Board of Health's immunization program.

A DPT vaccine is used to immunize against diphtheria, pertussis (whooping cough), and tetanus.

According to Dr. Durward Blakely, chief of the Board's Bureau of Disease Control, which administers the immunization program, "There is absolutely no need for

concern among Mississippi Board of Health patients."

"The DPT vaccination is, of course, a significant component of our early childhood immunization program; however, we do not use the vaccine in question, and we have had no reports of reactions to the vaccine which we do use," the official said.

YES WE CAN

...help you beat the high cost of building a new home.

For over three decades, Jim Walter has been building and financing homes that families of all walks of life can afford. **NOTHING HAS CHANGED!** If you own property, we can still custom build a home for you for far less than "average" prices being reported in newspapers, on television and radio. **YES WE CAN!** Let us show you!

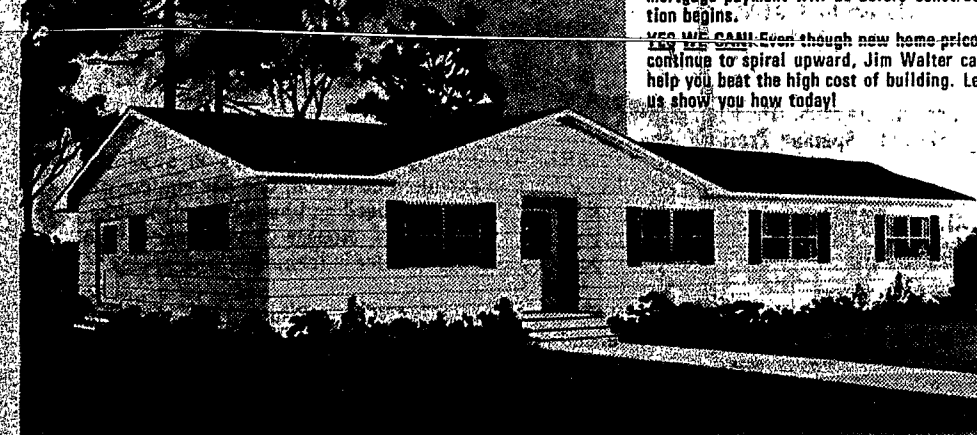

We'll also show you that by doing some or all of your own inside finishing work, you can save more. Here's how: Jim Walter will custom build your new home to almost any stage... from the "shell" up to 90% complete. We'll finish the outside in every detail. On the inside, you tell us where to stop... then take over and finish the rest. Do as much as you like... but the more inside work you do for yourself the more money you'll save.

Jim Walter offers INSTANT mortgage financing to qualified property owners... and you'll know exactly what your monthly mortgage payment will be before construction begins.

YES WE CAN! Even though new home prices continue to spiral upward, Jim Walter can help you beat the high cost of building. Let us show you how today!

Average U.S. Home May Soon Cost \$78,000

The average price of a typical American home could reach that level by 1980, according to a new report from the National Bureau of Economic Research. The report, released in early March 1979, is a forecast of housing trends through 1980. It says that the price of a new home will rise 10% to 15% by 1980, and that the cost of building a new home will rise 15% to 20% by 1980. The report also says that the cost of building a new home will rise 15% to 20% by 1980.

Homes built on your property to any stage of completion from the shell to 90% finished.

Mini-Tigers shut out Hornet's JV

The Bay St. Louis Junior Varsity Tigers shut out the East Central Hornets in Tiger Stadium last week 42-0.

"It was a pretty good performance, but we still need work in areas where we made some mistakes," said Baby Tiger Head Coach Cleveland Williams.

The first Tiger score came on a 20 yard run by Donald Carver in the first quarter, with a two-point conversion by Keith Johnson.

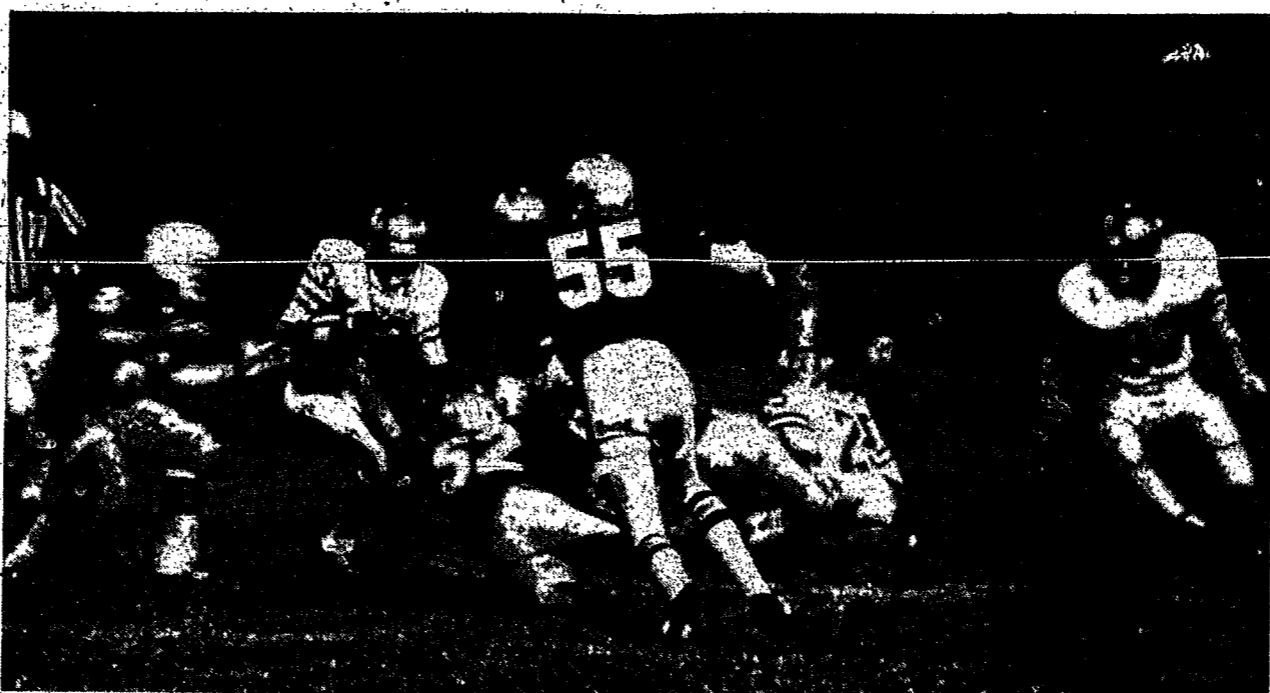

The Bay Tigers scored three times in the second period, the first coming on another Carver run from 60 yards out and a two-point conversion by Van Favard.

connected with Curtis Thomas for a 35 yard touchdown pass, and later in the second quarter learned up again for a 72 yard score.

A conversion by Johnson on the first second period touchdown added two more points to the Tigers' tally, making the halftime score 30-0.

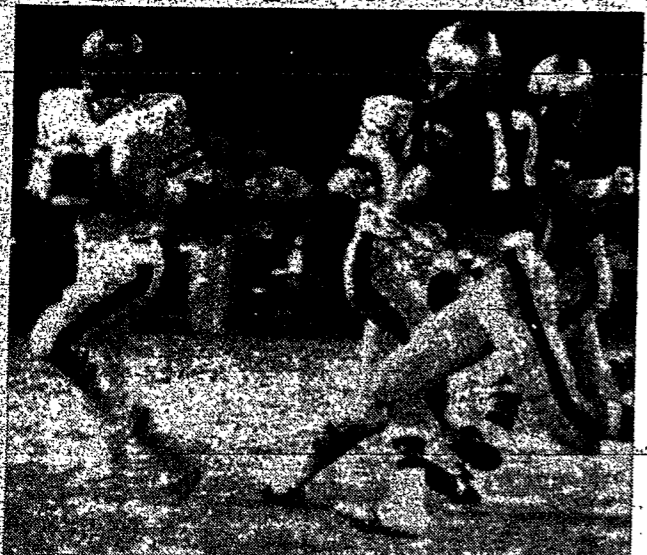

The third quarter was scoreless, but a fourth quarter 91-yard scoring pass from Johnson to Michael Lewis and a 60-yard touchdown run by David Gillum capped the 42-0 shut out for the Mini-Tigers.

The JV Tigers will vie against Hancock North Central Thursday at 7 p.m. in the Kilt at HNC.

Tigers, HNC meet Friday in heated seasonal rivalry

By RICH ADAMS

Friday's upcoming football rivalry between the Bay High Tigers and Hancock North Central Hawks at Tiger stadium should prove to be a "big ballgame," according to Tiger head coach Billy Rhodes.

"Hancock has won 14 regular season games in a row. They have momentum and confidence," said Rhodes. Bay High, nursing a 13-6 loss to the East Central Hornets last week, hopes to stop the Hawks' momentum.

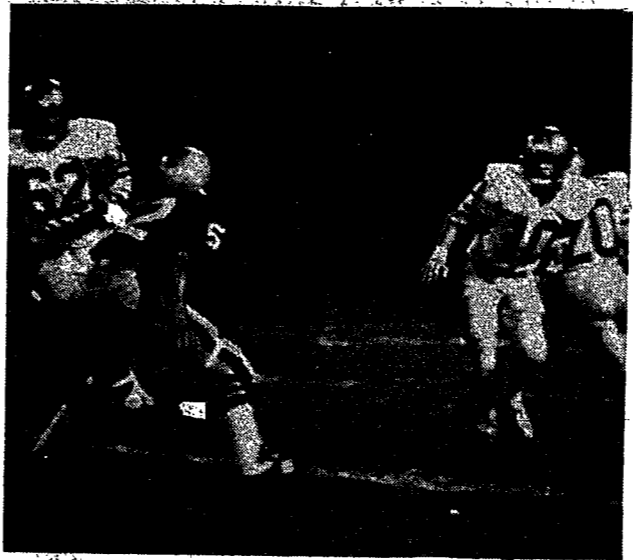

"We had a good defensive game last week, but we just couldn't execute our offensive attack," Rhodes continued. "Certain individuals turned in excellent performances on offense, but our overall offensive team didn't do as well," he added.

"Hopefully we have corrected the problem and can balance out our game against the Hawks," said Rhodes. Hancock-North Central, undefeated in three games this season, looks to continue

the winning streak.

"I hope we can continue our stretch. Each week gets tougher," said Hawks head coach Irvin Favre.

"The two factors in this game are the rival factor with Bay High and also each team wants to be the best in the county," Favre continued.

READING THE PLAY-Hornet defensive lineman Paul Halsey, No. 52, tries to follow the offensive maneuvers as Bay High quarterback Chuck Benigno, No. 10, hands the ball to runningback Ronald Collins, No. 20. Tiger guard Kevin Favre, No. 62, moves in to block Halsey. The Tigers lost the game, 12-6. (Special to the Sea Coast Echo)

Rocks face challenge against St. John Friday

By RICH ADAMS
Charged from a 16-4 debut victory against Pearl River Central, Head Coach Bill Poole's St. Stanislaus Rock-a-Chaws face the St. John Eagles this Friday at the Rocks' stadium in Bay St. Louis.

Coach Poole said he had seen the St. John squad in action against Hancock North Central earlier this season, and the Eagles tacked up 35 points against Our Lady of Victory last week, rushing for over 300 yards against the OLV eleven.

"We have a lot of respect for St. John. They have a real good football team," said Poole.

"This will not be a game we will totally dominate," he continued.

"We have to work on protection of our quarterback. Last week, when we tried to go to the air, there was a little confusion," he said.

"I don't feel we need to change our attack. We've worked on it for five weeks now," he added.

The Rocks rushed for 112 yards against the Blue Devils last week and passed for 42

yards on four attempts. "I think we have a good passing game," Coach Poole said.

"We need a more balanced passing and running attack. Once balanced, we'll be all right," he added.

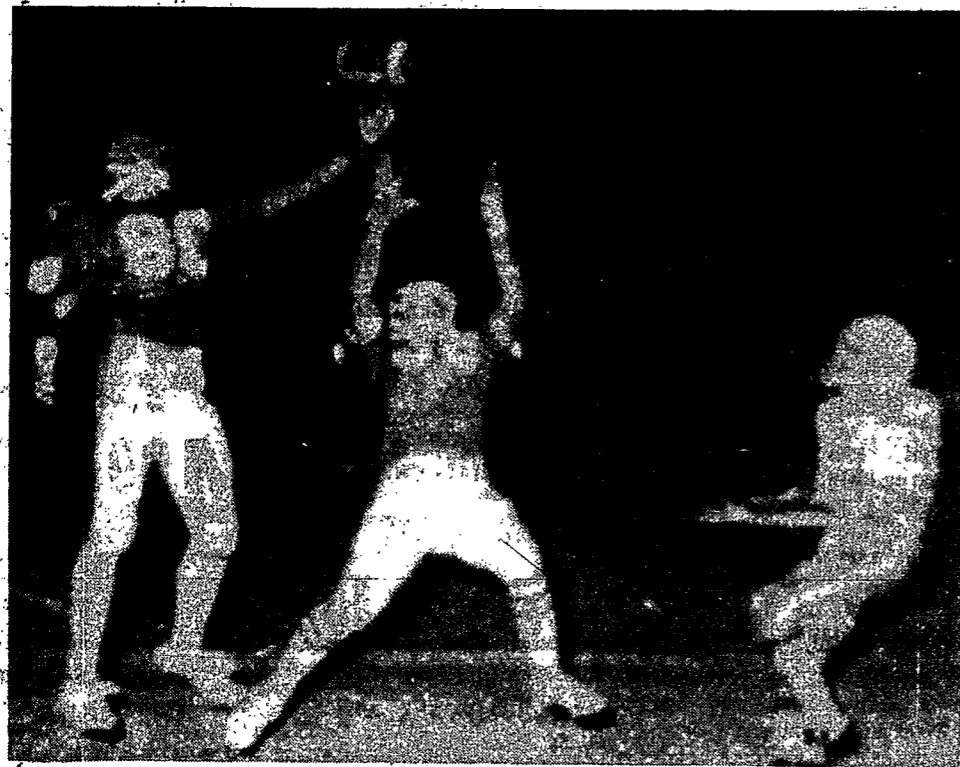

The Eagles, who gained 313 yards rushing and 17 first downs against OLV, enter Friday's game with a 1-2

record. "We have an extremely good defense," said Coach Poole.

The Rock-a-Chaw defense held Pearl River to 96 yards on the ground and 92 yards in the air on four completions of 15 attempts by the Blue Devils in the Rocks' 16-6 triumph last week.

ANOTHER ROCK TOUCHDOWN—David Grapusa, No. 42, catches a 23 yard touchdown pass from Rock-a-Chaw quarterback Peter Bernhelm amidst two Pearl River Central defenders. The pass reception was listed in error as being caught by Scott Semmer in last Sunday's Sea Coast Echo. The Rocks won the game, 16-6. (Staff photo-Randy Ponder)

d'Iberville is Pirates' first major championship hurdle

By RICH ADAMS
Pass Christian gridiron head coach Bob Lumpkin predicts his Pirates will have to "put forth an excellent overall team effort" to defeat last year's conference champions d'Iberville Friday.

"We have a well balanced club. Offensively, we have an outstanding quarterback. We don't have any real weaknesses," Lumpkin said.

"We're in good physical shape, but the loss of defensive lineman Mike Wuesthoff creates a very emotional setback for the team," he added.

Wuesthoff died last week as a result of an automobile accident in Pass Christian.

"Basically, our strength is in our line, but the line is inexperienced. I'm starting two juniors and three seniors, but only one of the seniors was

on the team last year," conference," he continued.

d'Iberville comes into the game with a 2-0 record, beating East Central 42-0 and handing Long Beach a 34-0 shutout.

The Pirates walked over Vanceleave 22-0 to win their only game played yet this season.

"This is a big game for both teams," said Lumpkin.

"Both teams need to win to stay a leg up on the rest of the

"Whoever wins this game will have the first major hurdle out of the way. But all of the games this year are shutouts."

major hurdles for us. We'll just take them one at a time," he added.

d'Iberville was chosen by the coach's association to regain the conference title this year.

Wildcats slate Saturday clash with Bulldogs

Pearl River College's Wildcats, one of four undefeated teams in Mississippi Junior College football, will tangle with the Holmes Bulldogs in Goodman Saturday night.

The Wildcats along with division rivals Jones and Gulf Coast, and Mississippi Delta of the north, are all posting 2-0 ledgers. PRC won easily last week over Hinds and a week earlier topped the Northeast Tigers 20-14.

"I've really been impressed with our defensive unit," said J.C. Arban, head coach of the Wildcats. "They have been hitting hard and hustling quite well."

Offensively the Cats have been able to score points, but fumbles and interceptions have caused inconsistency.

The return of sophomore quarterback Joey Howard was a good sign for Pearl River supporters. Howard, suffering from a broken jaw and wired up mouth, received in an "automobile accident," passed for two touchdowns while sharing the signal calling duties with sophomore David Wyman and freshman Jody Simon.

Howard completed six of 10 aerials for 87 yards. Both touchdowns came on fourth and long situations.

Wyman is doing quite well, especially with the option plays. He is the team's leading rusher with 17 carries and 102 yards plus two touchdowns.

Tailback Henry Smith of Poplarville has rushed for 91 yards in 17 attempts and scored one touchdown. Andy Thames of Hattiesburg has caught four passes for 89 yards and one TD and was named offensive player of the week against Hinds.

Ricky McDaniels, Randy Russell, Robert May, Charles Armstrong and Ronald Phillips all had exceptional defensive games against the

Eagles. "May did an outstanding job," Arban said, "and that is why he was selected defensive player of the week."

Holmes' Bulldogs are on tap this week and the Wildcat coaches are not taking them lightly.

"The Bulldogs are aggressive and very quick," said assistant coach Harvey Seligman, who scouted the Holmes team in its opening season loss to the powerful Jones Bobcats.

Quarterback Tony Collins threw the ball real well and

broke several plays for long gainers. Wingback Gary Bowling is also very sharp on quick turnouts.

However, Arban thinks the Bulldogs strongest point at this time is a very strong defensive unit. "They may score 40 points on us but I still think that's their power," Arban said.

Captains for this week's game will be David Cox, Lumberton, Ricky McDaniels, Columbia and Micky Walker of Picayune.

OLA varsity volleyball season opens tonight

Buccaneer Crew Notes

Programs at Buccaneer State Park have been altered somewhat now that kids are back in school and summer help is no longer available to fill working hours in the Camp Store.

Because of this, activities are to a minimum, so I can help out in other phases of Park operation. The following is a list of the programs offered this weekend at the Park, possibly Bay-Waveland residents will want to venture to Buccaneer to see what we have to offer.

Friday
8 p.m. - Movie-Recreation Hall, FREE

Saturday
10 a.m. - Pin-Ball Tournament-Recreation Hall, FREE

3 p.m. - Balloon Games for pre-schoolers - Recreation Hall

4 p.m. - Ping Pong Tournament for Teens and Adults - Recreation Hall

6 p.m. - Bicycle Hike - meet at Ranger Station

8 p.m. - Shuffleboard Tournament for Adults

Sunday
11 a.m. - Story-Time

Recreation Hall, ages 5-9 years

WINNERS
Winners in last weekend's activities are as follows:

Horseshoes for Adults: David Tate, Denham Springs, La., first place; John Cryer, Watson, La., second place.

Bingo: Jan Tate, Denham Springs, La.; George and Sylvia Rogers, Purvis, Ms.; Kay Threeston, Springfield, La.; Ella Mae Thompson, Ponchatoula, La.; Mrs. Lottie Mixon, Denham Springs, La.; Robin LeCompte, Harvey, La.; Mrs. Clyde Rogers, Mt. Olive, Ms.; Mrs. Cathy Hensarling, Hattiesburg, Ms.; Leslie LeCompte, 9, Harvey, La., daughter of Mr. and Mrs. Robert LeCompte; Lillian Foster, Watson, La.; Treasie Tate, Watson, La.; Diana Deakles, 9, Hattiesburg, Ms., daughter of Mr. and Mrs. Bobbie Deakles.

The Ladies Exercise Class is still in progress Mondays and Thursdays, 7-8 p.m. in the Recreation Hall. There is no age limit. Participants are asked to wear comfortable clothing and tennis shoes. Throughout the summer

months the class had good participation, despite summer vacations by Bay-Waveland area residents.

However, now that the season is over, I invite others who are interested to come on out and join myself and the other fifteen to twenty regular attendees to exercise and get into the fall program. Besides exercising for 35 to 40 minutes, we also walk a mile, some members have begun to jog the mile.

I invite those interested to attend the classes. For further information phone 487-3822.

Episcopal Women to meet Tue.

The Women of Christ Episcopal Church will hold a general meeting at 7:30 p.m. Tuesday in Virginia Hall, according to Mrs. J. R. Shadoin, group president.

Devotional will be delivered by Mrs. Walter Rausch, and program on child abuse will be conducted by Mrs. Patsy Nester of the State Welfare Department's Gulfport office.

Hostesses for the meeting will be Mrs. Walter Dupaquier and Mrs. Don McCulloch.

Election of officers for the coming year will be the first order of business, Mrs. Shadoin said.

STUDENT DIRECTOR Melinda Smith, daughter of Mr. and Mrs. John Wiley Smith of Bay St. Louis, is the student director of the Pearl River College marching band and flag corps. Melinda was the director of the Bay St. Louis Tiger band last year. The Wildcat band this year is the largest group ever assembled at Pearl River. She will be featured at halftime of the Wildcat-Jones football game Saturday, Sept. 23, in the Doble Holden Stadium on the PRC campus.

News from the Church of St. Ann

A thought for the day from the library of Father Canisius

Hayes, pastor of St. Ann's Parish - Sign on the desk of a busy executive: "Make one person happy each day - even if it's yourself."

Father Hayes was honored by St. Ann's parishioners following the 6 p.m. Mass Saturday on the occasion of his birthday.

A religious education workshop will be held at St. Thomas Church, Long Beach, Saturday, September 16, from 10 a.m. to 2 p.m. Anyone interested in attending is asked to bring a paper bag lunch.

Religious education program teachers will be installed during 9:15 a.m. Mass Catechetical Sunday, September 17.

The theme this year is "Sharing the Light of Faith".

Religious instructions for students preparing for Confirmation will be held following 9:15 a.m. Mass, Sunday, September 17.

Red Stocking Follies

tryouts open Tuesday

Prospective cast members, back stage workers and solo performers have been urged to attend a "Meet The Director" party at 7 p.m. Tuesday at Bay-Waveland Yacht Club by Bay St. Louis

Junior Auxiliary, sponsors of "Red Stocking Follies Runs Again".

Follies, a musical and comedy variety show, is scheduled for Oct. 6 and 7 at St. Augustine Seminary's Sy Rosenthal Gym.

"The Follies is our major fund-raising project to sponsor such programs as Reading, Is Fundamental, Hancock County Special Olympics and Clothes Closet."

"your time, talent and energy are needed for us to succeed," said Mary Howard, Junior Auxiliary's talent chairman.

"Don't say that you have no talent, because our director can turn you into a professional performer in just three weeks," she explained.

"By using a large cast, rehearsal time is kept at a minimum," Ms. Howard added. "And if you are not interested in performing, there are many other areas in which you can help."

"This is a fun project-you and your friends will have a wonderful time, plus the satisfaction of helping a worthy cause," Ms. Howard stated.

She urged interested persons to attend the Tuesday auditions with solo performers bringing music or record.

Episcopal

Fish Fry

is Friday

The wardens and vestry of Christ Episcopal Church, Bay St. Louis, will sponsor their second annual Fish Fry, at Virginia Hall, 912 South Beach, Bay St. Louis, Friday, September 15th.

Dinners will be served from 5 to 8 p.m. with "all you can eat" for \$3 per plate.

"Big John" Rutherford and his culinary assistants will be in charge of cooking and serving the meal, with take-out dinners also available.

The dinner is a forerunner to the annual recognition of the "Octogenarian" and Nonagenarian members of the Church, who will be honored at the 10 a.m. service Sunday.

A reception for the honorees will be held in Virginia Hall following the Service.

Adult Services

Librarian is

Perrie B. Wood

Perrie B. Wood has been named Adult Services Librarian for City-County Public Library, according to Prima Wusnack, library director for Hancock County.

In addition to being in charge of all adult services for the headquarters library, Ms. Wood will coordinate branch activities and services such as exhibits, programs, and interlibrary loan of materials, the director noted.

"The library Board of Trustees and I are pleased to have Ms. Wood join our library staff," said Mrs. Wusnack. "Her qualifications are excellent, and I know that under her direction, adult services provided by the library will continue to grow."

Ms. Wood received a B.S. degree in elementary education in May, 1977, from the University of Southern Mississippi. In May, 1978, she graduated with honors from

PERRIE B. WOOD

USM, receiving a masters degree in Library Science.

Prior to joining the Hancock County Library System, Ms. Wood was employed by the University of Southern Mississippi as a graduate assistant to the associate director of the Teaching-Learning Resources Center.

A native of Laurel, Ms. Wood and her husband Brian now reside in Gulfport.

The Bell System has a long tradition of helping persons with physical impairments to communicate. Alexander Graham Bell was himself a teacher of the deaf.

Many services were specially developed by the Bell System to help those with hearing, sight, speech, or motion impairments. Standard services, such as the speakerphone and repertory dialers, meet special needs because of their design.

If you have a problem using the telephone, perhaps one of these services will solve it. Or we may be able to arrange a special combination of services. Just call your local Bell Telephone business office.

Please let us know. We want to help.

Design Line® phones to fit every budget and every decorating idea are available from South Central Bell. So, be choosy. Whether you're redecorating or selecting phones for your new home, you'll find the styles that complement the way you live.

For instance, the Early American® phone, shown here.

It's perfect for Colonial or Early American decor.

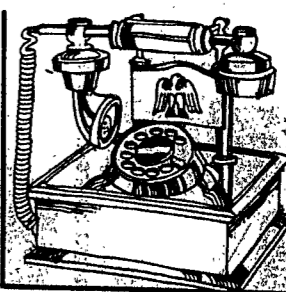

And with a Design Line phone, you know you're getting genuine Bell quality. When you buy a Design Line Phone, the housing becomes your property. The working parts remain ours, so maintenance and service are our responsibility - just like always. You can add the cost of your Design Line phones to your telephone bill and pay in one sum or in six monthly payments without interest or carrying charges.

S. Grady Thigpen reports on:

John Spiers, the Davy Crockett of Pearl River

John Spiers, hunter, woodsman and trapper, is a legendary character in the early history of what is now Pearl River County. He is said to have once killed a bear with his pocket knife as his only weapon.

He had picked up a young bear cub and was carrying it in his arms in a thick wooded area. Suddenly, without any warning, the big mama bear burst through the underbrush straight at him. She was only a few feet away when he first saw her.

Nothing is more dangerous than a mama bear whose

young cub has been molested. John Spiers took in the situation at a glance, quickly dropped the cub while reaching for his knife.

There was no room to run, no room to dodge the fast moving bear - there was only one thing to do and he did it. Instead of trying to back up or get away, he lunged with all his speed and might, straight into the face of the big bear, meeting her head on, while striking her heart with his knife. He was strong, fast moving and had muscles like steel.

He instinctively knew that his first thrust with his knife must puncture the heart of the bear. If he failed there would be no second try, as the bear would tear him to shreds in an instant.

The bear and the man met with terrific force in mid-air. The right paw of the bear struck him across the shoulder, tearing his flesh for several inches. The mouth of the bear reached for his throat but now the blade of the knife was in her heart.

Before she could clamp down with her powerful jaws to break his neck he felt her relax her hold and then saw her drop away to the ground.

He had a deep wound in his shoulder and he was bleeding profusely around his throat. The throat wound was not serious but his shoulder was severely torn. He made his way home where his family took care of his wounds - no doctors and hospitals back then.

John Spiers killed hundreds of bears over a period of years and was almost solely responsible for ridding the area of wolves. If he treed a bear, rather than shoot it, he would tie his knife to a pole and stab it to death.

Ammunition was expensive and hard to get. Besides that each load had to be put into the rifle by hand. There were no loaded shells and cartridges such as we have today. All rifles back then were what were called cap and ball rifles.

It took several minutes to reload one. An old timer had to be a good shot - if he missed the first time he did not get another chance.

John Spiers lived in the times that produced such storied figures of which Davy Crockett was a typical example. The deeds of John Spiers, while not so widely known, were just as bold and courageous as those of Davy Crockett.

He was born in the state of

Georgia in 1799. He grew up in the great forest section of western Georgia where few people lived, except Indians. He learned well the ways of wild things and of Indians as he grew up.

John Spiers came to what is now Pearl River County while in his teens and settled on a farm in the Henleyfield community - just where, I do not know. He is the forefather of all the many Spiers now living in this area.

According to the old stories, John Spiers went across Pearl River into Louisiana to court Louraney Perry. She lived near Pearl's Bluff just south of where Bogalusa now stands. He rode his horse to Pool's Bluff and then swam the horse across the river when he went a courting.

He was a bold and courageous young man in his courting as well as in other ways. He made only a few trips across the river before he brought back with him his bride to his home at Henleyfield. When he and his wife reached Pearl River on their way home after the wedding, both of them on the same horse, she rode across the river on the swimming horse, while he swam across the wide stream and met her on the Mississippi side.

The story of John Spiers was a legend when I first came to Pearl River County, 66 years ago. He was a kindly, fun-loving man, while at the same time brave and fearless. He was liked and respected by everybody. He was noted for his hospitality. He liked to serve his fellow man and was a good neighbor in every sense of the word. He was always

PLANT GROUND-BREAKING

Vulcan, Inc. of Latrobe, Pa., held groundbreaking ceremonies last week in Gulfport at the site of a new \$1.3 million manufacturing plant for its hydro Carbide Corporation division. The new plant, a one-story, prefabricated metal building, will have 10,000 square feet of area and is scheduled for completion by December.

Bayside VFD sets station site cleanup

Bayside Park Volunteer Fire Department will conduct 'clean-up day' from 8:30 a.m. Saturday at its property on Hinds Street at Jasper Street, two blocks behind the clubhouse.

The Department owns three lots at that location where construction plans for a new firehouse are currently being formulated.

Armand Buwe, president, said members and neighbors who can spare as little as one hour Saturday are urged to come out and help in the project.

For further information, contact Buwe at 467-6363 or Mrs. Irene Ritchie, auxiliary president, at 467-9337.

If you've been wanting a good
encyclopedia, but figured you'd
have to lay out hundreds of dollars
for it, we've got a surprise for you.

The Funk & Wagnalls New
Encyclopedia.

This week, we're offering
Volume I for the incredibly low
price of 9¢. Which is our way of
introducing you to an encyclopedia
that covers 193,000 subjects (more
than some encyclopedias costing
hundreds of dollars). And fea-
tures over 10,000 maps, photos

and illustrations, many of them in
full color.

When you and your family
have examined Volume I at your
leisure (without some high-pressure
salesman trying to sell you the
whole set), we think you'll want

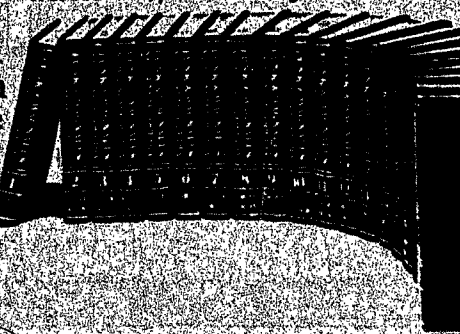

Volumes 2 through 27

You can complete your set as
you shop each week for \$2.69 a
volume.

In no time at all, you'll have
what you've always wanted: a
home reference library that
contains a wealth of information.
But hasn't cost a fortune.

Happenings

The weather was perfect, the Seniors were all in a carnival mood, congeniality reigned supreme. Right! It was the Senior Social Hour, at the Senior Center Monday.

Approximately 100 Seniors participated in the games session. The smiling winners include: Ita Stromeyer, Fred Stromeyer, Rosalind Freyder, Eulysse Cain, Carrie Williams, Sam Out, Anna Bowen, Geneva Johnston, Emma Moran, Lela Curry, Raymond Williams, Harwood Paugh, Cecile Galivan.

The door prize was donated by Scaffidi's Wheel Inn Restaurant and was won by Mrs. Katherine Galivan.

Participating friends and merchants for this Social Hour were: Mayor and Mrs. John Longo of Waveland, Mayor and Mrs. Larry Bennett of Bay St. Louis; Waveland Drug Store, Margie's Delicatessen, TG&V, all from Waveland; Fahey Drugs, Anthony's Mens Wear, and Hak's Famous Brands Shoe Store, all of Bay St. Louis. The Seniors thank all the merchants and friends.

Without their excellent cooperation there would not be any prizes for our Social Hour. A special thank-you to the RSVP Volunteers, Telephone Committee members. They are: Cecile Galivan, Odette Watkins, Maggie Dambrino, Anna Marsh, Nina Garner, Lucy Brady, Odette Taconi, Eva Ruhl, and Jewell Stratton.

Baking those delicious pastries were: Agnes Inch, Esther Cuevas, Nina Garner, Josie Scova, and Margaret Smith. Serving were: Ethel Dorman, Julia Laddy, Cecile Galivan, Georgianna Diebold, Margaret Smith, Katherine Galivan, and Anna Garcia. Registration was handled by Julia Laddy and Joe Petta.

A special thanks also goes to Archie Diebold, past Junior Grand Marshall, 1977; John (Les) Galivan, present Grand Marshall 1978, of the grand St. Patrick's Day Parade; Roland (King) Galivan, and Joe Rappold, all dignitaries of Waveland. Civic Association. Thank you all for coordinating the game session.

Last, but far from least, all the Seniors, for the wonderful turn out for this event. The event will take place on Monday, Sept. 25, at the Center in Bay St. Louis. Nicky Gordon, outstanding organist, will be the featured entertainer for the Birthday Party.

HERE AND THERE
Tony and Josie Scavo of Waveland left August 7 for Cimarran, New Jersey, to visit her daughter, son-in-law, and grandchildren. Mr. and Mrs. Maurice Timken, Perry, Cathy Mike, and Mark, who is a student at Tulane University in New Orleans. They enjoyed every moment of their visit.

Tony and Josie stated that the trip to and from New Jersey was perfect. The scenery on Sky-Line Drive through the Blue Ridge Mountains was beyond description. Their four hour Bucks County Winery in Solebury, Pennsylvania, was educational. It was the time they had seen the process prior to bottling wine. They dined in several places, but the most impressive was the Settlers Inn, a two story log cabin converted into a Restaurant many years ago, located in Georgia Hill, Pa. They are looking forward to doing it all again.

Two more of our Seniors have just returned from a trip to the land of Lincoln, Decatur, Illinois. Frank and Esther Bussey of Bay St. Louis left the area on July 8 to visit relatives, stopped on the way for two days in Madisonville, Kentucky, to visit her sister Naomi Rush, then on to Decatur, to visit her daughter and son-in-law, Mr. and Mrs. Alan Harris, and grandchildren Patricia and Alan.

Grandson Alan, in Decatur, and Port Jackson, in South Carolina. They were very happy to visit him. They will be able to see him in October when they plan to take the trip again and

Alan will be on furlough. They visited many historical sites, including the original Lincoln Court House. The building was closed to tourists.

Even though they enjoyed every moment of the trip, they were both glad to be back home.

WHOME.

WAVELAND
The American Association of Retired Persons, Hancock County Chapter No. 1114, will hold its meeting on Monday at 10 a.m. at the Waveland Civic Center on Coleman Avenue.

This is a very important meeting. President Paul Loup would like all members to attend as plans for the fall and winter months will be discussed.

Your nominating committee will be looking at all the members so they may prepare their slate of officers for 1979, which will soon be in order. Summer is over, we had two months of rest with no meetings to attend, so let's all of us well rested folks get together for one of the biggest turn outs ever.

Remember, you as an ACTIVE member can make your organization the greatest, but only you can do this.

The Senior Citizens Club had its first fall meeting Monday, Sept. 11th at 10 a.m. at the Center on Coleman Avenue. President Ruby Life opened the meeting with the Salute to the Flag, followed by the Lord's Prayer. Several important subjects were on the agenda.

Barbara Rappold, city clerk of Waveland, who has endeared herself to all the Senior Citizens of Waveland, was received with great warmth as guest speaker.

She made a very informative talk on the progress of Waveland in the last decade. The meeting was very important as Barbara reported about more improvements on the Civic Center. Barbara introduced her parents, Mr. and Mrs. Henry (Elvira) Rappold, formerly of New Orleans, and now residents of our beautiful city of Waveland.

Other special guests introduced were Mr. and Mrs. Faret and Mrs. Marjorie Walker, members who were welcomed back after a short absence.

The Club donated \$100

toward the purchase of life saving equipment called "Jaws of Life."

Ethel Wills was the winner of the door-prize.

The next meeting will be followed by a Halloween Party, and covered dish luncheon, all members, please bring a covered dish. The meeting will be held at the Civic Center on Monday, October 8th, at 10 a.m. There were 30 Seniors in attendance at the last coffee and biscuits session, on Tuesday, September 12th, from 9 to 11 a.m. at the Waveland Civic Center.

Attendance is growing all of the time. All Seniors of Hancock County are invited to this session, so come enjoy a friendly chat with your Tuesday morning coffee, biscuit, and have your blood pressure checked and recorded by Julia Loup, Juliette Cook, and Pere Cabibi.

PEARLINGTON

President Irma Cuevas of the Senior Citizens Club thanks all of the Seniors who attended the Social Hour on Tuesday at the Pearlington Community Center. A chat recreation program is also held every Thursday from 1:30 to 3 p.m. All Seniors of the County are invited to attend.

KILN

The Senior Citizens Club will hold its second recreation hour program on Thursday, Sept. 21, from 1:30 to 3 p.m. at the V.F.W. Hall. All you members who drive cars, please call a Senior friend, pick them up, and acquaint them with the various recreation programs.

Due to the length of this week's column, we have deleted the column space on Introduction of Staff Members. It will return in the next column.

I am very happy to report in this column that I have no knowledge of any illness or bereavement this week.

STEVE SLOAN RADIOSHOW will be heard on 48 stations around Mississippi and the South this fall. The Ole Miss head coach will talk about football and a varied assortment of other topics. Produced by WSUH Radio in Oxford, the 15-minute weekly show will be co-hosted by Ole Miss associate Sid Brooks Tinsley.

Bay-Waveland Yacht Club will host its last official regatta for this sailing year Saturday and Sunday.

The Monk Smith Regatta will be open to Flying Scots, 470, Fish Boats, Sunfish and Lasers.

THE UNITED WAY OF HANCOCK COUNTY.

SENIOR CITIZEN PROGRAMS.

The purpose of our very fine center and staff is to assist all senior citizens with any problem they may have, and help them to live more independent lives in their own homes. Among the programs provided are: Recreation, Transportation, Arts and Crafts, Education, Travel, Friendly Visitation, Hot Meals and Information and Referral. Because of the assistance being given to our senior citizens, many lives have been enriched and changed.

RETIRED SENIOR VOLUNTEER PROGRAM (RSVP)

This very exciting and successful program channels the energy and experience of volunteers sixty years of age and older, into activities which contribute to the life of Hancock County. Two hundred and eighty five volunteers are now supplying a variety of urgently needed services in our community.
